### **CLASSES LKG TO VIII BRIDGE COURSE**

Ref: JHPS/PAR/CIR/27/2020-21

Date: 30.03.2021

Dear Parent,

#### **Greetings from JHPS !!!**

To bridge the gaps in conceptual understanding between one grade to the next, we follow the maxim of a Bridge Course. During these sessions, the subject teacher first scaffolds and revises the concepts of the previous academic year and then streamlines them with the content of the ensuing year, unravelling the joys of learning.

This insightful vision paves the way for a better clarity in concepts at the learner's pace and eliminates learning difficulties at grass root levels thereby enhancing self-exploration. The very approach would help open newer dimensions of the learning experience of the child.

This unique bridge course lays a strong foundation to enhance the critical and analytical thinking of the child, thus strengthening the fundamentals of essentials.

We highly recommend your child's presence in the course for a brighter and hassle-free academic year ahead.

#### **NOTE:**

1. A synopsis of each concept and worksheets, for reinforcement, will be provided to students after the teaching of the concept.
2. Existing students may use previous academic year's notebooks while new students may maintain their notes in their convenient notebooks.
3. Dates of the sale of books by the vendor will be intimated shortly.
4. All Synopsis / Printed notes / Worksheets will be updated on a daily basis in the MCB Parent Portal.
5. Whatsapp Groups will be created for a one-way communication from the school.
6. For all queries, please mail the respective coordinator.
